Sole Agents for J. E. JEFFORDS &amp; CO.

Pottery, No. 6 &amp; 715 Wharton Street, Philada., Pa.

Believing that Flower Pots could be made by steel which would give greater strength and at the same time greater porosity, we commenced in a small way, in 1877, to make them, and have continued making from time to time, such improvements as experience and observation suggested, until we have reached as great a degree of perfection in the mode of manufacture, in porosity and in durability, as is possible. The demand for Flower Pots increased so rapidly that we were compelled to enlarge our building and add machinery equivalent to five times our former capacity. We now take pleasure in announcing that we are prepared to fill all orders with promptness and dispatch. A full line of Flower Pots and all ware regularly in stock.

## DO YOU KNOW

that I have in stock over 4000 wood cuts of Plants, Flowers, Fruits, Trees, Vegetables, as well as cuts for Advertisements, Printing on Envelopes, Bill Heads, Seed Bags, and Catalogue Covers and of which I sell Electrotypes.

**DO YOU KNOW** that many parties have paid hundreds of dollars for engravings that they could have had of me at one-tenth the price. Therefore, if

you have any printing done at all, and wish to illustrate it, it will pay you to send for my book of Electrotypes. It is too expensive an affair to send to every one free. Those who have not already received it should send twenty-five cents postage and deduct this from first order, or return the book and this will be refunded.

**MY SPECIALTY** is the Engraving, Printing, and Lithographing for Florists, Seedsmen, and Nurserymen. All the prominent American firms as well as some of the

Principal European Houses, avail themselves of my facilities and knowledge of the business and find it to their advantage to deal with me. For instance, suppose you have a New and Desirable Plant, Fruit, or Vegetable to introduce to the trade, and want an engraving of it, any other engraver may ask you from \$10 to \$50 for the job, but, if (like the Parry Strawberry or the Bennett Rose for instance), I see that there is likely to be a demand for it, why, I would engrave you such a cut for Nothing. Can You Ask More.

Cuts and Lithographs for Catalogue Covers in stock and made to order. Book of specimens 15 cents. Views of Nurseries in the best style at low prices, for specimens see Messrs. H. A. Dreer, Storrs & Harrison, W. & T. Smith, C. Young & Sons, and others. Colored plates in quantities of five hundred and upwards at from \$3 50 per thousand. In fact, anything in the Electro. and Engraving Line at Lowest Prices.

## PUBLISHER'S PREFACE.

---

ONLY one who has undertaken the task can fully appreciate the difficulties to be overcome, the tedious details to go through, in order to compile a "Trade Directory." The *new people* going into the business, the *old people* going out, the changes in firm names and locations, new street numberings, etc., all stand in the way to prevent the publisher producing a *perfect* book. In offering this "Directory" to the trade, the Publisher feels that he is supplying a long-felt want. While aiming at perfection, he believes that he has fallen short, as all must do in such undertakings. Expense, labor, patience, and a long apprenticeship to this kind of work, have all been freely expended. With all these aids, he realized at the start that there would be many errors of omission and commission, and he therefore early determined to issue only *interleaved* copies of the "Directory," and to supplement the same with *correction sheets*, to be issued from time to time—annually only, it is expected. By this means he hopes finally to attain *perfection*, and then maintain it. He respectfully and earnestly asks of the trade to assist in this laudable ambition by using the enclosed envelope to inform him of such errors as may be known to them.

The trade must bear in mind that this "Directory" only purports to give the names and addresses of the *Nurserymen* and *Florists*. Seedsmen, Vineyards, Tree Dealers, etc., we do not pretend to include. Many, no doubt, *are* in the book; either it is a mistake, or else they combine something of the Nurseryman or Florist with their other business.

I cannot close these remarks without returning thanks, and acknowledging my obligations, to the several very prominent members of the trade who have kindly assisted in the final revision of this work.

Very respectfully,

ISAAC D. SAILER,  
Publisher.

## LILIUM HARRISSI, BETTER KNOWN AS THE BERMUDA EASTER LILY.

The Best in the World for Forcing for Winter Flowers.

We Offer only Strong Field-Grown Bulbs from Our Own Grounds in Bermuda.

This is not only the best by far of all Lilies for Winter blooming, but it is one of the most profitable flowers that can be grown by florists. Notwithstanding the extreme depression in the cut-flower market the past winter, the demand for this flower warranted dealers in paying us as high as \$6 00 per dozen blooms, and notwithstanding the immense number of plants we flowered, we found at all times a ready demand at large prices for our entire product. It is very easily handled, and the flowers being especially effective for decorative purposes, always command large prices. It derives its name from the fact that, in Bermuda, grown in the open ground, it blooms at Easter time, but, in the greenhouse with successive lots, it can be had in bloom all the Winter from early in December until after Easter; in fact, by special, culture all the year round. THE FACT THAT IT CAN BE FORCED INTO BLOOM BY THE CHRISTMAS HOLIDAYS adds particularly to its value, as it fills in at a time when flowers are usually scarce and in great demand.

For this purpose our Bermuda grown bulbs are indispensable, as in Bermuda the bulb reaches its highest development and ripens off perfectly, and is ready for shipment by the middle of July, before bulbs in our own country have hardly begun to make their growth. Our bulbs being grown in the open ground, without artificial culture or manure of any kind, are particularly strong and healthy, and calculated to give far better results than those grown by other growers in greenhouses in pots.

We are Headquarters for this Lily and Supply the Trade in this Country and in Europe.

We were the first to offer it at a reasonable price and to grow it in very large quantities, and we hold not only by far the largest, but, in fact, nearly the entire stock of this valuable Lily. New crop will be ready for delivery August 1st. Orders booked now for delivery at that time. Wholesale price on application. In order to gain the full value of this Lily it should be potted early and so secure it in flower by the Holidays.

Chaffin, N. J. f . . . . Cheyenne City, Laramie co

SPECIAL NOTICE!

The following publications are issued in connection with the "*Horticultural Directory of the United States*," and are especially commended to the trade:

## "SUPPLEMENT A,"

which will be a list giving the names and post-office addresses of the Nurserymen, Florists, Fruitgrowers, and Seedsmen of England, Ireland, Scotland, Wales, and the Channel Islands, comprising in all about two thousand addresses.

The Supplement will be issued in pamphlet form, and will be sold to subscribers to the "*Horticultural Directory*" at one dollar (\$1.00) per copy; to non-subscribers at one dollar and fifty cents (\$1.50) per copy, postage paid.

The trade must bear in mind that the rate of postage to points covered by the Supplement is only one cent for unsealed circulars weighing not more than two ounces. The business in Horticulture between the two English-speaking countries is yet in its infancy but is growing rapidly.

## "SUPPLEMENT B"

will be issued April 15, 1885, and will comprise the names and addresses of the principal Nurserymen, Seedsmen, and Florists of Austria, Bavaria, Belgium, Denmark, France, Germany, Holland, Hungary, Italy, Poland, Russia, Saxony, Sweden and Norway, Switzerland, Wurtemberg, Brazil, India, Japan, Australia, New Zealand, and South Africa. *Price same as "Supplement A."*

Subscriptions and remittances must be made to

ISAAC D. SAILER, Publisher,  
Union Insurance Co.'s Building, Third and Walnut Sts.,  
PHILADELPHIA, PA.

ESTABLISHED 1872. EDITED BY DR. F. M. HEXAMER.

A MONTHLY ILLUSTRATED MAGAZINE OF HORTICULTURE.

### IT IS NOT

Connected with any mercantile house.  
An organ of any merchant.  
An advertising sheet.

### IT IS

An independent Journal.  
Devoted wholly to horticulture.  
The organ of fruit, flower, and vegetable growers.  
Edited and written by horticulturists.

### IT ASKS

The cordial coöperation of horticulturists in subscriptions and advertisements.  
A good word for it to your friends.

### IT HAS

No axes to grind.  
Nothing to sell.  
Nothing to puff.

### IT WILL NOT

Puff unworthy varieties.  
Admit fraudulent advertisements.

### IT WILL

Give every promising new variety and method a fair hearing.  
Expose fraud of every degree.  
Stand fearlessly for truth.  
Promote all good work in horticulture.  
Be improved from month to month.
